Personal Belongings:

We want your pets to feel at home and comfortable while here. We always have blankets available to keep your pets comfortable during their stay. If you prefer, you can leave bedding with us for your pet and as long as they do not chew or otherwise damage it, they will have it available for the duration of their stay. Any items that become soiled will be cleaned/sanitized before your pet leaves, with the exception of large bedding as it may not fit in our washing machine. Any soiled items that are too large will be spot cleaned as much as possible and be sent home in a plastic bag. Due to pet toys coming with the disclaimer that they are for use only under supervision, we are unable to give your pet toys while they are boarding with us. Please note that any belongings brought with your pet may not leave in the same condition in which they were dropped off in the event that your pet chews or otherwise damages the items during their stay with us. Any personal items being left must be labeled with pet’s first name and last name.

Please provide a detailed list of items being left with your pet: _____
